General Council on Finance and Administration

THE UNITED METHODIST CHURCH

THE UNITED METHODIST CHURCH

BUDGET

So, What's In The Budget?

The budget consists of the seven apportioned funds:

- Africa University – supports education efforts on the African continent
- Black College Fund – supports 11 historically Black church-affiliated schools
- Episcopal Fund – supports the episcopal leadership for the general superintendency of the Church
- General Administration Fund – supports General Conference, the Judicial Council, Archives and History, and the Church's finance agency
- Interdenominational Cooperation Fund – supports the UMC's ecumenical work
- Ministerial Education Fund – supports United Methodist seminaries and clergy development
- World Service Fund – supports the diversity of mission through the work of church agencies and the Connectional Table

Denominational Circumstances

- **Collections began to decline before the pandemic, and the decline was exacerbated further by the Covid-19 pandemic and social distancing.**
- **The original proposed budget in 2020 was 18% lower than the budget adopted in 2016.**
- **Disaffiliation has also had a significant impact on general church apportionments, as more than 30% of churches in the United States have left.**
- **Operating costs for churches in the United States (building maintenance, utilities, insurance, and pastor salaries) have remained at the same level. Combined with the decrease in collections, a shortfall has occurred for discretionary spending for programs, missions, and apportionments.**
- **Since there is less capacity to give to the general church from a local church level, GCFA is currently recommending a 21.2% reduction in the rate of apportionments.**

**\$347
Million**

- *This is the budget that will be recommended to General Conference.*
- The current recommended base rate is 2.595%, compared to the previous base rate of 3.29%.
- Because fixed expenses are the same or increasing at the local church level, the decrease in base rate is designed to keep more dollars at the local church level for ministry.

How Much Is The Budget?

- The budget currently submitted in the ADCA is \$347 million over the next quadrennium.
- This represents a 43% reduction from the last budget adopted in 2016.
- This is due to a combination of factors: disaffiliation is higher than predicted, along with inflation and other economic factors.

**43%
Reduction**

MORE INFORMATION

What's In The Proposed Budget?

- EDUCATION
- EPISCOPAL LEADERSHIP and ECUMENICAL MINISTRIES
- GLOBAL MISSIONS
- COMMUNICATION
- JUSTICE INITIATIVES
- DISCIPLESHIP
- FINANCE AND ADMINISTRATION
- INTRA-CHURCH NEEDS

WHAT'S IN THE BUDGET? —————●

General Administration Fund Allocation Summary

- **General Administration Fund: Allocations to the General Administration Fund are reduced 27.5%.**
 - General Conference is budgeted for a 15.4% increase, due to an additional \$7 million for a special called General Conference Session in 2026.
 - Other reductions include:
 - GCFA – almost 60% decrease;
 - Archives & History – almost 10% decrease;
 - Standing Committee on Central Conference Matters – a 5.6% decrease; and
 - Judicial Council – a 43.5% decrease.

See Exhibit A for General Administration Fund Allocations.

Connectional Table Allocation Summary

- **Connectional Table: Allocations to Connectional Table entities are reduced 49%.**
- The Ministerial Education Fund, Black College Fund, Interpretation Resources, and Africa University are being recommended for a 47% decrease each.
- GCFA is also recommending unrestricting funds for the Interdenominational Cooperation Fund, a decrease of 72%. This fund has sufficient reserves, creating capacity to continue in their work.
- The Connectional Table, COSROW, GCORR and the Ethnic Plans were prioritized by The Connectional Table in this budget cycle and receive less than 1% decrease.
- The Central Conference Theological Education Fund and Contingency Fund are reduced by 50%.
- The Young Clergy Initiative is now being phased out.
- United Methodist Men is recommended for a 41.8% reduction.
- GBCS, GBGM, UMCOM, Discipleship Ministries, and GBHEM – 52.8% reduction.

Episcopal Fund Considerations

- In 2023, the giving rate for the Episcopal Fund was 88.42% for both Jurisdictional & Central Conferences.
- GCFA is required to budget for all Episcopal Areas, a total of 71 Bishops, including five additional Bishops in Africa that were approved by the 2016 General Conference.
- However, concern lingers over the long-term sustainability of the fund. The Fund will run a deficit in either 2026 or 2027 (depending on the collection rate) if all vacancies are filled.
- In the current proposed budget, The Episcopal Fund can support approximately 54 Bishops worldwide through the next quadrennium.
- The General Conference decides how many Bishops to elect; GCFA has no authority to decide the number of Bishops.

Episcopal Fund Allocations

- Episcopal Fund: Allocations to the Episcopal Fund are reduced by just over 15%.
 - Allocations to the Episcopal Fund have been increased for the coming quadrennium from the published ADCA through a transitional, one-time line item in the proposed budget in the amount of \$15 million.
 - This additional \$15 million is achieved two ways:
 - By increasing the proposed base rate to 2.595%, generating \$7.5 million.
 - The remaining \$7.5 million would be reallocated from general Church agencies to the Episcopal Fund. However, the funding level of the general Church agencies will remain the same, as they are scheduled to receive an additional distribution from the Benefit Trust.

See Exhibit A for Episcopal Allocations.

Episcopal Fund 4-year average 2025-2028
